

Clémence de la Bretonnerie

Revenue & Marketing Ops | Start-up & Scale Operator | Climate Tech & Sustainability

Biarritz, France | +1 (857) 333-6244 | cdelabretonnerie@gmail.com
linkedin.com/in/clemencedlb | clemencedlb.me

PROFESSIONAL SUMMARY

Revenue and marketing operations leader with 10+ years building demand generation engines and revenue ops foundations for global B2B companies, leading a cross-functional revenue team of up to 4 and owning a ~\$2.9M paid budget. Most recently led CRM migration, lead scoring, and paid channel optimization at Clarity AI, creating a single source of truth between HubSpot and Salesforce. Previously drove +177% YoY pipeline at Clarity Movement and owned marketing operations at Scalify for 4 years — 2 CRM/MA migrations, GDPR compliance, \$100K+ in cost savings, 150+ projects shipped. Bridge profile combining systems and process discipline with hands-on demand gen execution and a deep commitment to mission-driven climate-tech, regenerative finance, and sustainability businesses.

SKILLS

Technical: Predictive Analytics, Digital Marketing, Demand Generation, Data Analysis, HubSpot, Salesforce, Attribution Model, LinkedIn & Google Ads, ABM, GDPR Compliance

Languages: French (Native), English (Bilingual), Spanish (Bilingual)

PROFESSIONAL EXPERIENCE

Senior Revenue Marketing Manager, Clarity AI

Feb 2024 – Present

Interim Head of RevOps (Apr 2026 – Present) · Biarritz, France (Remote)

Clarity AI is a global AI-powered sustainability and ESG data platform serving enterprise B2B clients with \$30K+ average ARR. I lead a cross-functional revenue team across paid media, web development, and demand generation and own a ~\$2.9M annual paid budget; since April I've also stepped in as interim Head of RevOps covering a departure. Hired as Senior Revenue Marketing Manager, I led the marketing automation migration that triggered the full Salesforce-to-HubSpot rebuild, and have helped scale the company 2.5X in marketing pipeline and 1.5X in marketing ARR YoY — lifting MQL-to-SAL above 90% and SQL-to-Won to 24%.

- **Team Build-out:** Built and led a team of up to 4 — paid media specialist, web developer, senior specialist (website planning & paid campaigns), and demand gen specialist — clarifying channel and vendor ownership across paid, web, and content.
- **AI & Innovation Marketing:** Built agentic AI workflows in Claude Code and authored reusable Agent Skills, cutting internal process time 40% and shifting to automated reports and sequences; restructured marketing to define an attribution model.
- **CRM Migration & RevOps Foundation:** Led end-to-end HubSpot migration; redefined lead source/status/lifecycle taxonomies, automated routing, and built the Salesforce bridge so sales and marketing share one source of truth.
- **Lead Scoring & Sales-Marketing Alignment:** Designed and implemented a lead scoring model in HubSpot mapping behavioral and firmographic signals to improve MQL quality and SDR efficiency.
- **Paid Media & Budget Optimization:** Reallocated ~\$2.9M annual paid budget away from low-return channels (Native, Display) toward LinkedIn Ads and SEM.
- **Marketing Ops & Budget Discipline:** Built an invoice tracker and an Asana intake form to systematize budget operations end-to-end, giving finance and marketing shared, real-time visibility into spend, vendor commitments, and remaining budget across the fiscal year.
- **SEO & Content Strategy:** Onboarded and managed an external SEO agency, led a program of technical SEO improvements, and drove a full content strategy refresh to strengthen organic visibility and feed the always-on demand generation engine.

Demand Generation Manager, Clarity Movement

May 2022 – Dec 2023

San Francisco, CA

Clarity Movement is a climate-tech B2B company focused on air quality monitoring. Owned multi-channel demand gen end-to-end, reporting to the Head of Marketing and partnering closely with the CEO and sales leadership.

- **Pipeline Growth:** Grew marketing-influenced pipeline +177% YoY (\$1.7M to \$4.5M) via paid, organic, and lifecycle programs.
- **Organic Growth:** Drove +91% YoY organic traffic by overhauling website design, SEO content, and UX in Webflow.
- **Sales Velocity:** Cut sales cycle ~50% (cited by CEO David Lu) via lead-handoff redesign, SLA tracking, and shared dashboards.

PROFESSIONAL EXPERIENCE (CONTINUED)

Strategic Growth Manager, United Planet NGO

Nov 2021 – May 2022

Remote (US)

United Planet is a sustainability and social-impact NGO. Led marketing across program enrollment, partnerships, and fundraising.

- **Team Leadership:** Managed 3 direct reports across marketing and community engagement, owning program-enrollment campaigns, partnership outreach, and fundraising communications.

Senior Marketing & Project Manager, Scalify

May 2017 – Nov 2021

San Francisco, CA

Scalify is a global B2B storage software company. Owned marketing operations end-to-end for the global marketing org over 4 years, partnering directly with the CMO.

- **CRM Migrations & Cost Savings:** Led 2 major CRM / marketing-automation migrations (from Marketo to Mautic & Salesforce); became internal expert, removed external consultant dependency, generated \$100K+ in cost savings.
- **GDPR Compliance:** Designed and implemented Scalify's GDPR compliance plan across a database of thousands of records.
- **Reporting & Data Leadership:** Built the marketing reporting layer in Tableau; became leadership's go-to source for metrics.
- **Agile Transformation:** Scrum master for a 10-person marketing team; rolled out Agile/Scrum to boost focus and execution.
- **Operational Excellence:** Delivered 150+ marketing campaigns across various channels on time and within budget.

Marketing & CEO Assistant, inWebo Technologies

Jun 2016 – Dec 2016

San Francisco, CA

inWebo Technologies is a cybersecurity / strong authentication company expanding into the US market. Supported the CEO on US expansion and led global marketing initiatives.

- **Brand & SEO:** Rebranded the website and implemented an SEO strategy that boosted overall traffic +70% YoY.
- **CEO Partnership:** Partnered directly with the CEO on US market expansion and global marketing initiatives, building the brand and go-to-market foundation for the company's US entry.
